Partners In Foster Care

Walk Me Home...to the place I belong is presented by the National Foster Parent Association (NFPA) in partnership with the Adoptive and Foster Parent Association of Georgia (AFPAG) and the Cherokee County Foster and Adoptive Parent Association (CCFAPA).

Together NFPA, AFPAG and CCFAPA have formed a powerful team to support children who, through no fault of their own, have had to be placed outside their birth home. We provide a safe and loving environment that helps promote stability for these children, perhaps for the first time in their life. The foster parents in our organizations are not paid for the time and energy they put into fostering. They are parents and care givers by choice. Their work is done 24 hours a day, 7 days a week.

AFPAG and CCFAPA help to provide scholarships, college accessories, and high school prom attire for those in need. Why not join this partnership and help in our noble cause by participating in Walk Me Home and maybe even consider becoming a foster or adoptive parent yourself? Let your legs do the talking. Join us on May 15th at Heritage Park.

Join America's Only Nationwide Walk for Foster Care

What is *Walk Me Home*?

Walk Me Home ... to the place I belong is the only nationwide walk for foster care. The National Foster Parent Association and its affiliates are conducting this event to raise awareness and funds for foster care.

With success in the past working on projects such as National Foster Care Month, the Hurricane Katrina Relief Project and the National Foster Care Independence Act, we are now embarking on a new endeavor to positively impact foster care nationally.

Walk Me Home is different in only one respect from previous successes: it will raise much needed funds to support foster care programs locally and across the U.S.

These funds will be used to:

- **Increase recruitment of foster families**
- **Continue development of innovative training and educational opportunities**
- **Create and enhance advocacy programs throughout the nation**
- **Increase positive awareness of foster care**

Make a Difference

Beyond developing much-needed programs for our communities, *Walk Me Home* will provide people who cannot be foster parents the opportunity to support foster care and thus foster children across the United States.

Event Calendar

Walk Me Home is different from any other event because it is a series of nationwide walks conducted year round. *Walk Me Home* will be organized at the discretion of each state or local affiliate any time. Each participating state will organize their walk to support their programs and to draw attention to their association needs. Individual states will partner with local county associations.

Don't miss the opportunity to be involved in the only nationwide walk for foster care.

Who Can Participate?

- Individuals
- Public and private foster care agencies
- Businesses and Corporations
- Groups and Organizations
- **Anyone interested in supporting foster care**

Contact Vala Peyton with AFPAG at vala@bellsouth.net or call 404-428-2104.

Visit www.walkmehome.org to find an event near you.

Team Participation

Grab your buddies ... co-workers ... neighbors ... anyone ... and form a team!

“Walk together for foster care.”

Many businesses will match funds.
